

PID - 7/64
17 January 1964

MEMORANDUM FOR: Executive Director, NPIC
THROUGH: Assistant for Administration, NPIC
FROM: Chief, CIA/PID (NPIC)
SUBJECT: Review of CIA/PID Mission and Functions

1. The CIA Photographic Intelligence Division Mission and Functions are amended to read as follows:

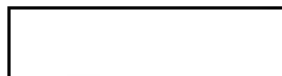

MISSION

The CIA Photographic Intelligence Division is responsible for producing departmental level photographic intelligence and providing photographic intelligence services utilizing all types of photography and pertinent collateral information in support of the Central Intelligence Agency.

FUNCTIONS

The CIA Photographic Intelligence Division shall:

1. Produce departmental photographic intelligence through analysis of photography and utilization of collateral information in support of CIA and other intelligence community organizations as directed.
2. Provide personnel for special photographic intelligence support to clandestine activities.
3. Operate a liaison activity at CIA Headquarters, Langley, to provide photographic intelligence support to CIA components.
4. Assist CIA requesters in formulating requirements; receive, process, and activate all CIA requirements and requests for photographic intelligence services either departmentally or for NPIC action.
5. Conduct substantive briefings on photographic intelligence matters as required.
6. Provide representation to and liaison with NPIC on CIA departmental photographic intelligence matters.
